Yr7 Story Blog 2026

We are going to use a Wiki Blog as a shared online space to publish our stories, read stories posted by our peers and provide helpful and positive feedback about how they may improve their story. You will also use feedback you receive to improve your own story,

1. Planning Your Story

Your first task is to write your own story of 400-500 words that you will contribute to the class Wiki Blog.

- Plan your story using a narrative mountain as your framework.
- Draft you story focusing on Show Don't Tell, good grammar, sentence and paragraph structures.

2. Proof Reading & Editing

Type your story into a Word Document.

- Focus on spelling and grammar.
- Make sure you have paragraphs and capital letters.
- Reread your story one more time to make sure it is suitable for a Yr7 class Wiki Blog.
- Ask a classmate to read your story to check for errors in formatting, suitability and msilly mistakes.

Congratulations, you have completed the first part of the task by authoring and editing your story for the class blog.

It is the next steps that makes the use of digital technologies exciting for authors. Having authored and edited your document you are now going to become a blog contributor and commenter

3. Load Your Story to the Class Blog

- Log into the class Wiki Log at www.wiki,com.au/y7storyblog2027/
- Use password 7C2026!%wikiblog
- Go to the Stories page and click Edit.
- Upload your story using your name and give it a title.
- Click Save.

4. Comment on Stories of your Peers

- Log onto the class Wiki Blog and open the story you wish to comment on.
- Scroll to the Comments Section,, type your comment in the space provided.
- Click Post.
