Good morning class.
We are going to publish a class magazine that includes articles to interest teenagers. What types of articles do you think we could include?
Clothes! Music! Healthy Eating! Suicide! Bullying Gaming! Quizes! Stories & Poetry Book Reviews!
Fantastic. Who has an idea of the article they will write and the role in our publishing team they would like. We need an editor, web publisher and lots of other tasks done.
I'll find sites that promote teen health and wellbeing that we can include links to.
I will find some articles and interviews that we can include on teen health.
I'll do fashion pages showing clothes for casual and special occasions.
I can write some gaming
I'll find a site to host our magazine and work out how we publish our magazine.
I'll write book reviews and find poetry to include.
I guess that leaves music reviews to me which is perfect, because I am in a band.
