

Meet Melanie Scott

Director | Scott Business Solutions

Bookkeeping | Payroll | Compliance | Business Support

With more than 25 years of experience across finance, payroll, administration, governance and business operations, I understand the realities of running and supporting growing businesses.

Having also operated a small business, I understand first-hand the challenges business owners face in balancing compliance, administration, finances and day-to-day operations while continuing to grow their business.

I established Scott Business Solutions to provide practical, flexible support that helps businesses create structure, stability and confidence.

A Few Things About Me

- Former small business owner
- More than 25 years supporting businesses
- Proudly based in regional Queensland
- Passionate about helping businesses create structure and confidence
- Practical solutions over unnecessary complexity
- Reliable, approachable and solutions-focused
- Believe good business support should feel like an extension of your team
