About Us

The Staycation Group specialises in luxury short-term accommodations designed for corporate travellers and discerning guests who expect exceptional standards.

We partner with property owners through a sublease model by transforming them into fully furnished, professionally managed residences that combine the comfort of a home with the refinement of a premium hospitality experience.

Each property is thoughtfully curated to deliver style, convenience and seamless functionality ideal for business travel, executive stays and families in transition.

Our commitment is simple: exceptional stays, consistent quality and service you can rely on.

Landlord benefits that matter!!

We turn your property into a high-performing short-term executive rental without the stress.

Here's why landlords love working with us:

1. **Guaranteed, Reliable Income:** Within the 2–5 year lease you rent is paid on time, every time — no gaps, no uncertainty. Just predictable constant income
2. **Hassle-Free Management:** We handle marketing, bookings, strict tenant vetting, check-ins, and maintenance. We cover the first \$1000 in repairs and maintenance. *You earn; we do the heavy lifting.*
3. **Professional Care & Upkeep:** Fully furnished and maintained to the highest levels, SHOWROOM level hotel standards to be blunt — regular cleaning after every guest, regular inspections.
4. **Flexibility & Control:** Lease terms are clear, fair, and transparent. You can reclaim your property with notice if needed.
5. **Peace of Mind:** Executives are responsible tenants. We provide thorough tenant screening, professional insurance, and our team handle rapid issue resolution.

Why Choose Us

Our clientele is specialised around stress free corporate housing, insurance displacements, travelling nurses, healthcare professionals, relocating business travelers and their families.

● Turnkey & Fully Serviced

While amateurs may leave you managing utilities, housekeeping, or onboarding, we provide:

- Fully furnished, move-in ready homes
- housekeeping and maintenance
- 24/7 support for tenants
- Seamless check-in/check-out

● Consistency & Quality You Can Trust

Unlike marketplaces or boutique rentals where quality can vary, every property meets **strict internal standards** for cleanliness, safety, and aesthetics.

In short...

We don't just rent luxury properties — we create fully serviced, executive-ready stays with flexible terms, prime locations, and personalized support. Unlike other high-end rentals, we focus on productivity, privacy, and a seamless experience your clients can rely on."
