FUNDING INFORMATION FOR PRIVATE CLIENTS/SELF FUNDED- FY 2027

Clinical fees

Weekday: $175 per hour

Saturday: $250 per hour.

Initial assessment

A comprehensive continence assessment will generally require **4–6 hours of clinical time**, including the 60–90-minute consultation and any agreed clinical work such as reviewing diaries, product research, clinical recommendations, and preparing a Continence Management Plan or report.

If you only require the assessment, you will only be charged for a 60–90 minute consultation.

Any additional clinical work will be discussed and agreed with you beforehand.

Additional clinical work

If additional clinical work is requested, a minimum of 4 hours of total clinical time applies.

This may include diary analysis, product research, Continence Management Plans, reports, or funding documentation.

Follow-ups & reviews

Follow-ups, reviews, and brief clinical check-ins are billed in **15-minute increments** at the applicable hourly rate.

Saturday appointments & reports

Saturday appointments are charged at **$250 per hour**.

Reports and other clinical documentation completed during the following week are charged at the **weekday rate of $175 per hour**.

Home visits

Home visits on the **Central Coast** are available by arrangement.

Private home visits incur:

- **Travel:** $1.00 per kilometer, calculated return

Travel costs will be confirmed before the home visit.

You will only be charged for services and clinical time that you have requested or agreed to.
