TLILIC0003 – Licence to operate a forklift truck

This unit specifies the skills and knowledge required to operate a forklift truck safely. Forklift truck means a powered industrial truck equipped with lifting media made up of a mast and an elevating load carriage to which is attached a pair of fork arms or other arms that can be raised 900 mm or more above the ground, but does not include a pedestrian-operated truck or a pallet truck.

Our course is a mix of theory content, practical and class participation. Assessment consists of written responses to questions and observation of practical skills.

What you will learn:

- Legislation and WHS requirements
- Duty of care and Safe work practices
- Hazards and risk management
- Planning your work
- Conduct routine checks on a forklift truck
- Shift loads in a safe manner
- Safely shut down and secure equipment

Entry requirements: Participants must all have a USI number.
Participants must be from 18 years of age.
Participants must be able to speak and understand, read and write in English (WST requirement all assessments **must** be conducted in English).

You MUST wear protective work wear (safety boots or sturdy enclosed footwear) for practical assessment. These need to be supplied by the participant.

Outcome:
A statement of attainment for the TLILIC0003 Licence to Operate a Forklift Truck.

Successful participants can apply for a National High Risk Work Licence (Forklift truck) as issued by Workplace Standards Tasmania under the Work Health & Safety Act 2012. Participants have 60 days to apply for their High Risk Work Licence with Service Tas.
